CLINICAL TIPS OF GASTRO INTESTINAL DISORDERS

1) ABDOMINAL:

ACONITUM NAPELLUS: Abdominal symptoms better after warm soup. Potency:- Sixth potency for sensory affections; first to third for congestive conditions. Must be repeated frequently in acute diseases. Acon. Is a rapid worker. In Neuralgias tincture of the root often preferable, one drop doses (poisonous), or pain, the 30th potency accordingly to susceptibility of patient.

2) ACIDITY:

ATROPIN: Hyperacidity; pyrosis. 3x Trituration 1/4th tsf (tea-spoon) in half cup of luke warm water X 8 hourly X S.O.S.

CINCHONA OFFICINALIS: Aetiology: Ill effects of tea ++++. Fruits. Character: Bitter taste ++++. Hungry (+++) without appetite: eats → remains undigested → after a meal = Fullness of stomach. Modalities: (a) Aggravation:- < Fruits. (b) Amelioration:- Bloatedness > by movement. Potency:- Q. (5 drops → in ½ cup of luke warm water → 6-8 hourly → SOS x as & when necessary → stop soon improvement ensues), 30C.

CORNUS FLORIDA: Aetiology: Abuse of quinine. Malaria: N.B.W.S. Character: Distressing acidic heartburn. Old cases of dyspepsia → Acid regurgitation (+++). Desire: Sour++. Potency:- Q. (5 drops → in ½ cup of luke warm water → 6-8 hourly → SOS → as & when necessary → stop soon improvement ensues), 30C.

OREXINE TANNATE: Hyperacidity; deficient and slow digestion. Q: 10 drops → Twice daily → S.O.S.

3) ACIDITY - HYPERCHLORHYDRIA:

ACONITUM NAPELLUS: Complaints from very hot weather, especially gastrointestinal disturbances. Potency: Sixth potency for sensory affections; first to third for congestive conditions. Must be repeated frequently in acute diseases. Acon. Is a rapid worker. In Neuralgias tincture of the root often preferable, one drop doses (poisonous), or pain, the 30th potency accordingly to susceptibility of patient.

CALCAREA CARBONICA: Hyperchlorhydria [Phos.]. Potency: Sixth trit. Thirtieth and higher potencies. Should not be repeated too frequently in elderly people.

OREXINE TANNATE: Hyperchlorhydria; deficient acid and slow digestion; 14 hourly doses. Potency: Third potency. Must be continued a long time.

ZINGIBER: Complaints from eating melons and drinking impure water. Acidity.

4) ANAL AFFECTIONS:

CALCAREA ACETICA: Severe itching of anus (specific as Hahnemann calls it) 3xTrit., 30C.

URTICA URENS: Anus itching, raw burning in anus during and after stool. Ascarides with great rectal irritation. < touch. (Q).

5) ANAL FISSURES:

SEDUM ACRE: Haemorrhoidal pains, like those of anal fissures; constricting pains, worse few hours after stool. Fissures. Potency: Tincture to sixth potency.

6) ANUS:

COLLINSONIA CANADENSIS: Itching of anus. [Teucrium; Ratanh]. Potency: Tincture, to third attenuation. Higher potencies where there is organic heart affection.

GRAPHITES:- Fissures of anus. [Ratanhia; Paeonia]. Potency:- Sixth to thirtieth potency. Locally as a cerate, in sore nipples.

7) APHTHA:

LACHESIS:- Aphthous and denuded spots with burning and rawness. Potency:- Eighth to 200th potency. Doses ought not be repeated too frequently. If well indicated, a single dose should be allowed to exhaust its action.

8) APPETITE:

CALCAREA CARBONICA:- Dislike of fat. Loss of appetite when overworked. Potency:- Sixth trit. Thirtieth and higher potencies. Should not be repeated too frequently in elderly people.

GENTIANA LUTEA:- Acts as a tonic, increasing appetite. Potency:- First to third attenuation.

9) COLIC:

ILLICIUM:- Should be remembered in the treatment of flatulent conditions. So-called three-months’ colic, especially if it recurs at regular hours; much rumbling in abdomen. Potency:- Third potency.

MICROMERIA:- Used as a tea to cure colic and relieve flatulence. Potency:- Tincture.

MOMORDICA CHARANTIA – HAIRY MORDICA:- Has marked drastic properties, producing colic, nausea, vomiting, cholera-like symptoms, abdomen seems full of fluid discharged explosively, thin, watery, yellow, Great thirst. Potency:- Sixth to thirtieth potency.

ONISCUS ASELLUS:- Distended; meteorism; very severe colic. Potency:- Sixth potency.

10) COLIC: ABDOMINAL:

ATROPINUM: Chronic pancreatitis with multiple pancreatic stone. Great pain and vomiting of all food; after hot drinks, > after vomiting. Stomach very sensitive; swelling in pyloric region. Sleep disturbed by gastric pains. 6x Trit, 30C

DIOSCOREA VILLOSA: Intolerable pain in acute appendicitis. Severe cutting, colicky pains, paroxysmal. Colic > walking around; pains radiate from the abdomen to the back, chest, arms < bending forward, lying. Sharp pains from liver, shoot upward to r. nipple. (Q)
EUPATORIUM PERPUREUM: Vesical irritability in women in case of recurrent E. Coli infection. Severe colic after voiding urine. Pain and soreness of abdomen, much < I. side. (30C)

11) COLITIS:

PRUNELLA:- Self heal – (Colitis). Potency:- Tincture to sixth potency. The 200th and 1000th seem to do good work in cholera infantum, when indicated.

12) CONSTIPATION:

ALUMINA:- Slag Silico – Sulphocalcite of Alumina 3x (anal itching, piles, constipation, flatulent distension. Potency:- Sixth to thirtieth and higher. Action slow in developing.

CARLSBAD AQUA : Stool passes when pressure is given either over the perineal muscles or by much abdominal pressure. (30C)

CASCARA SAGA: Chronic constipation with rheumatic troubles.Q

COLLISONIA CANADENSIS:- Most obstinate constipation, with protruding haemorrhoids. Potency:- Tincture, to third attenuation. Higher potencies where there is organic heart affection.

HYDRASTIS:- Constipation, with sinking feeling in stomach, and dull headache. Potency:- Tincture, to thirtieth attenuation. Locally colorless Hydrastis, mother tincture, or fluid extract.

PARAFFINUM : Obstinate constipation in children (Alumina, Nyctanthes). Chronic constipation with haemorrhoids and continual urging to stool. Evacuations as hard as nuts. Fatigued trying to expel stool. (30C)

PLATINA:- Adheres to rectum, like soft clay. Sticky stool. Constipation of travellers, who are constantly changing food and water. Stool as if burnt. Potency:- Sixth trituration to thirtieth potency.

RHAMNUS PURSHIANA:- Cascara Sagrada – Palliative in constipation, as an intestinal tonic and dyspepsia dependent thereon 10-15 drops of tincture. Potency:- Tincture in 15-drop doses every four hours.

STAPHYSAGRIA:- Constipation (2 drops tincture night and morning), haemorrhoids, with enlarged prostrate. Potency:- Third to thirtieth potency.

STAPHYSAGRIA : Obstinate constipation. Frequent want to evacuate, with scanty evacuations. (Q- 2 to ? drops twice daily) can cure constipation (R.R.B. 286).

SILICEA MARINA : Constipation use for sometime. The peculiarity of this remedy, is the ease with which evacuation is accomplished. (3x trit)
VESPA CRABRO: Constipation during menstrual time. Mental depression (30C)

13) CRAVINGS:

14) DIARRHOEA:

ACONITUM LYCOTONUM: Diarrhoea after eating pork. Potency: Sixth potency for sensory affections; first to third for congestive conditions. Must be repeated frequently in acute diseases. Acon. Is a rapid worker. In Neuralgias tincture of the root often preferable, one drop doses (poisonous), or pain, the 30th potency accordingly to susceptibility of patient.

ANTIMONIUM CRUDUM: Diarrhoea after baths. Potency: Third to sixth potency.

APIS MELLIFICA: Cannot urinate without a stool. Dark, fetid, worse after eating. Potency: Tincture to thirtieth potency. In oedematous conditions the lower potencies. Sometimes action is slow; so several days elapse before it is seen to act, and then urine is increased. Apium virus, sixth trituration.

BORAX: Loose, pappy, offensive stools in children. Potency: First to third trituration. In skin diseases continue its use for several weeks. Locally in pruritus pudenda. A piece of borax, the size of a pea, dissolved in the mokuthy, acts magically in restoring the voice, in cases of sudden hoarseness brought on by cold, and frequently for an hour or so, it renders the voice silvery and clear.

CENOTHERA: Evening Primrose – exhausting, watery diarrhea; cholera infantum; hydrocephaloid. Potency: Third potency.

EPILOBIUM: Willow herb – Chronic diarrhea with tenesmus ans mucous discharges; ptyalism, dysphagia; wasting of body and much debility; cholera infantum. Potency: Second to thirtieth potency.

EPILOBIUM: Intractable diarrhea of typhoid. Potency: Third to thirtieth potency. The very highest potencies often yield brilliant results.

IGNATIA: Diarrhoea from fright. Potency: Sixth, to 200th potency.

LITHIUM CARBONICUM: Diarrhoea after eating chocolates. Offensive stools. 30c.
MERCURIOUS SULPHURICUS: Diarrhoea early in the morning; stool bursts out in a hot stream of yellow matter. Intense evacuations, like rice-water.

MOMORDICA CHARANTIA: Indian variety – more severe symptoms – intestines full of yellow watery fluid, discharged explosively – cramps, thirst, prostration. Choleraic symptoms. Similar to Croton, Elaterium, Use 3x. Potency: Tincture. Used also externally as a liniment and poultice for burns, chapped hands, etc.

PULSATILLA: Two or three normal stools daily. Potency: Third to thirtieth attenuation.

RHUS GLABRA: It is claimed that this remedy will so disinfect the bowels that the flatus and stools will be free from odor. It acts well in putrescent conditions with tendency to ulceration. Potency: Tincture. Usually locally to soft, spongy gums, aphthae, pharyngitis, etc. Internally, first potency.

15) DYSENTERY:

ARNICA MONTANA: Severe attack of dysentery is controlled by standard medicines but still they persist, not in a big way, but one or two every day. (30C)

BOLETUS SATANUS: Dysentery, vomiting, great debility, cold extremities, spasm of extremities and face. Potency: First attenuation.

CALOTROPIS GIGANTEA: It is useful in acute dysentery. (Q)

CARBOLICUM ACIDUM: Stool, putrid smell with blood dysentery. Like scrapings of mucous membranes, great tenesmus, very offensive. Profound prostration. (30C)

CHAPARRO AMARGOSO: When action of Merc. Cor. has come to a stand still and there are 3 or 4 bloody motions daily with more or less pain. Acts as a tonic and anti-periodic. (30C)

COLCHICUM AUTUMNALE: Autumnal dysentery. Violent colic & tenesmus in abdomen like Merc. relief after passing of stool; distension and blood with mucus. < damp weather. Great prostration. (30C)

COLOCYNTHIS: Dysenteric stool renewed each time by the least food or drink. Jelly-like stools. Musty odor. Distention. Potency: Sixth to thirtieth potency.

CUPHEA VISCOSISSIMA: Acute dysentery or diarrhoea with high fever. Tenesmus with severe pain. Restlessness. (Q, 10 drops)

EMETINE: Emetine – principal alkaloid of Ipecac. A powerful amebicide, but is not a bactericide. Specific for amaebiasis; of remarkable value in treatment of amaebic dysentery; also as a remedy in pyorrhoea. Potency: Third to 200th potency.
EMETINUM: Specific for amoebiasis of remarkable value in treatment of amoebic dysentery. 6x Trit.

FERRUM PHOSPHORICUM: - First stage of dysentery, with much blood in discharge. Potency: - Third to twelfth potency.

KALIUM NITRICUM: Sticky mucus with stool, frequent urging tenesmus, great thirst with cold extremities. Diarrhoea from eating veal. (30C)

MONSONIA: - An African plant belonging to the Geraniaceae – Used for dysentery in material doses. Potency: - Sixth potency. In solution 1:1000, hypodermically injected under conjunctiva in choroditis with progressive myopia. Stops immediately the severe aching pain behind eye-balls. (Dr. G. D. Hallet).

STAPHYLOCOCCINUM: Chronic dysentery. (30C)

TROMBIDIUM MUSCAE: Has a specific place in the treatment of dysentery, symptoms are < by food and drink. For diarrhoea and dysentery; and ulcerative colitis as per indications. During stool sharp pain on the left side, shooting downward. (30C)

TYPHA LATIFOLIA: Cat tail flag dysentery, diarrhoea and summer complaints. (Q)

VACCINUM MYRTILLUS: - Huckleberries – Dysentery; typhoid, keeps intestines aseptic and prevents absorption and reinfection. Potency: - Tincture, five to thirty thirty drops. In pyelitis a trituration of the leaves.

16) DYSPEPSIA:

ABIES NIGRA: In dyspeptic troubles of the aged with functional heart symptoms. Pain in stomach, always comes on after eating. Sensation of a painful lump, as if a hard boiled egg was lodged in the cardiac end of the stomach. < after eating. (30C)

ALETRIS FARINOSA: Due to general weakness. Disgust for food, nausea. Obstinate indigestion. All gone feeling in morning on rising, > by eating. Nausea is > by coffee. (Q-8-10 drops, 8-12 hourly)

FABIANA INBRICATA: Dyspepsia and to increase the secretion of the bile. (Q)

GRATIOLA OFFICINALIS: Dyspepsia with distention of the stomach. < drinking too much water. Paroxysms of inclination to vomit > by eructations. < during and after eating. Wants to eat only bread. 6C, 30C.

LYCOPODIUM: Dyspepsia due to farinaceous and fermentable food, cabbage, beans, etc. Potency: - Both the lower and the highest potencies are credited with excellent results. For purposes of aiding elimination the second and third attenuation of the
Tincture, a few drops, 3 times a day, have proved efficacious, otherwise the 6th to 200th potency, and higher, in not too frequent doses.

NATRUM CARBONICUM:- Dyspepsia relieved by soda biscuits. Potency:- Sixth potency.

PETROLEUM : Dyspepsia relieves after taking some food. (30C)

SEPIA:- Tobacco dyspepsia. Potency:- Twelfth, 30th and 200th potency. Should not be used too low or be repeated too frequently. On the other hand Dr. Jousset’s unique experience is that it should be continued for some time in strong doses. 1x twice a day.

17) FLATULENCE:

FERRUM MAGNETICUM:- Abundant and frequent emission of fetid flatus. Potency:- Third potency.

MAGNETIS POLUS ARTICUS:- Anxious, coldness of eyes as if a piece of ice lay in orbit, increased flow of saliva, constipation, spoor, trembling, abdominal flatulence. Potency:- Acts in all potencies from the lowest to the highest. Some of the best results are obtained from the higher, and not too frequent doses. The twelfth potency is a good one to begin treatment with, going higher or lower according to the susceptibility of the patient. In chronic diseases, 200th and upwards. In torpid eruptions the lowest potencies.

SULPHUROSUM ACIDUM:- As a spray in tonsillitis. According to Ringer, ten to fifteen minis taken ten minutes before each meal will remedy pyrosis and prevent fermentation and flatulence. It also removes thrush. Homoeopathically, third attenuation.

VALERIANA:- Hysterical flatulency. Potency:- Tincture.

18) FLATULENCE -- ABDOMINAL DISTENTION:

AETHUSA CYNAPIUM : Head symptoms relieved by expelling flatus (sanguine) and by stool. Tense, distention and sensitive. Sensation of coldness in the abdomen. (30C)

ALFALFA : Flatulence with distention. Shifting, flatulent pain along colon several hours after meals. Must eat frequently, cannot wait for regular meals. (Q)

ARISTOLOCHIA SERPENTARIA : Flatulence in stomach and abdomen. Distention and cutting pains. Heaviness > by emission of much flatus. (30C)
ASAFOETIDA: Great distention, with sensation of emptiness and weakness. Expulsion of air upward, never goes through downwards. Flatulence and regurgitation of liquids. Rising up feeling > by external pressure. (6C 30C)

BUTYRICUM ACIDUM: Poor appetite, much gas in stomach and bowel's cramps in pit of stomach, < at night. Stomach feels heavy and overloaded. 30C.

CAJUPUTUM: Flatulence with colic, tympanites, nervous distention of the bowels, urine smells like cat's urine. Symptoms appear and disappear suddenly, disappear suddenly on eating. (30C)

DIOSCOREA VILLOSA: Tea drinkers with much flatulence. Flatulence after meals. (Q 30C)

HAEMATOXYLON: Colic, tympanitis. Borborygmi and diarrhoea. Swollen (distention), painful. General uneasiness, with anxiety arising from the stomach. (30C)

ILLICIUM ANISATUM: Flatulent conditions, so called three months colic, much rumbling in abdomen, pain in region of 3rd rib. (30C)

LACTUCA VIROSA: Sensation of weight and fullness of abdomen, Borbary gum, abundant, emission of wind. Colic in early morning, abdomen tense, relieved some what by evacuation and passing of wind. (Q)

LECITHINUM: Bloated abdomen sore pain in stomach. (12C)

MICROMERIA DOUGLASII: Used as a tea to cure colic and relieve flatulence. Febribfuge, blood purifier and tonic. (Q)

OLEANDER –NERIUM ODORUM: Borborygmus, with profuse fetid flatus. Putrid smell. Oozing of stool during each flatus. (30C)

OLEUM ANIMALE: Accumulation of flatus, with gurgling and rumbling. < after eating. (30C)

ONISCUS ASELLUS: Distended abdomen with very severe colic. (30C)

RAPHANUS SATIVUS: Distended tympanitic, hard. No flatus emitted upward or downwards at all - though defecation occurs. (30C)

RHAMNUS CALIFORNICA: Constipation with passing of some flatus. Tenesmus and dry stool. Faltulent diarrhea. (Q)

SULPHUROSUM ACIDUM: According to ringer 10 -15 minimis taken ten minutes before each meal, will remedy pyrosis and prevent fermentation and flatulence.

VALERIANA OFFICINALIS: Hysterical flatulency. Bloated and hard as if about to burst. (Q)
ZINGIBER: Flatulence and pressure in the stomach < from eating bread. Acidity, complaints from eating melons and drinking impure water. Great flatulency; in gouty persons. (30C)

19) GALL STONE:

CALCULOBILI: Triturate Gall stones – 10-12x (Gall stones). Potency:- Lower triturations. Purified oxgall 1 to 10 gr.

TRIUMFETTA SEMITRILoba: Gall stones colic. [Triumfetta semitriloba]. Potency:- Tincture, to thirtieth potency.

20) GAS PAINS:

CINCHONA OFFICINALIS: Post operative gas pains, no relief from passing it. Potency:- Tincture, to thirtieth potency.

RAPHANUS: Post-operative gas pains. Potency:- Third to thirtieth potency.

21) GASTRALGIA:

22) GASTRITIS:

CUPRUM ARSENICOSUM: Gastro-intestinal disturbances of influenza and typhoid. (3x trit)

GRINDELIA ROBUSTA: Gastric pains associated with splenic congestion. Cutting pain in the region of the spleen, extending to the hips. (Q 30C)

IRIS VERSICOLOR: Nausea, vomiting or burning of tongue, throat oesophagus and if diarrhoea is present, burning of the anus. Deficient appetite. (30C)

NARCISSUS POETICUS: Gastro enteritis with much griping and cutting pain in bowels, tainting trembling, cold limbs, small and irregular pulse. 6C, 30C.

23) GASTRIC PAIN - GASTRALGIA:

GAULTHERIA: Uncontrollable appetite, notwithstanding irritable stomach. Gastralgia from nervous depression. (Give five drops of 1x of Oil). Potency:- Tincture and lower potencies.

IGNATIA: Gastric affections of cigarmakers. Potency:- Tincture, to thirtieth attenuation; first to third most often used.
PANACEA ARVENSIS:- Poor man’s Mercury – (Sensitiveness over gastric region with hunger but an aversion to food. Potency:- Sixth, to 200th potency.

24) GUMS:

STAPHYSAGRIA:- Salivation, spongy gums, bleed easily. [Merc.; Kreos]. Potency:- Third to thirtieth potency.

25) HAEMORRHAGE:

CASCARA SAGRADA:- Haemorrhoids and constipation. Potency:- Tincture to sixth potency.

FICUS VENOSA (PAKUR):- Haemorrhage from bowels and lungs. Potency:- Tincture, to third potency.

SANGUISUGA:- The leech – Haemorrhages, especially bleeding from anus. Use 6x. Potency:- Internally, third to thirtieth potency.

26) HAEMORRHOIDS:

AESCLULUS GLABRA : Proctitis very painful, dark purple external haemorrhoids with constipation and vertigo and portal congestion. Q.

AMBRA GRISIA : Haemorrhoidal excrescences. Itching and tingling. Cannot tolerate others presence during defecation. (30C)

ARSENICUM ALBUM: Haemorrhoids burn like fire, burning > by heat. (30C)

DOLICHOS PRURIENS : Haemorrhoids with a burning sensation. (Q)

FICUS RELIGIOSA : Bleeding piles. A good medicine for haemorrhage from anywhere. Q, 6C.

GERANUM MACULATUM: Any types of haemorrhage. Q)

HAMAMELIS VIRGINICA:- Haemorrhoids, bleeding profusely, with soreness. Potency:- Tincture, to sixth attenuation. Distilled extract locally.

HYPERICUM PERFORATUM: Is the greatest of all pile’s medicines. No matter what the disease, so long as piles are present give Hypericum. Haemorrhoids externally and internally with pain, bleeding and tenderness. < touch. (Q)

JUNCUS EFFUSUS : Asthmatic symptoms in haemorrhoidal subjects. (Q)

KALI-CARBONICUM: Though chilly, the burning haemorrhoids are better by sitting in cold water. (Aloes: > by cold application.) (30C)
LYCOPUS VIRGINICUS: 1x has the peculiar power to bring back the haemorrhoidal fluxes that have been suppressed. (30C)

MULLEIN OIL: For itching piles, an ointment made of Mullein oil (Q) and applied at bedtime relieves itching (Dr. Gerade).

MURIATICUM ACIDUM: Haemorrhoids during pregnancy; bluish, hot, with violent stitches. Potency: First to third potency.

MURIATICUM ACIDUM: Swollen and blue and so sensitive to touch that they cannot bear the contact of sheet. Haemorrhoids during pregnancy, bluish, hot, with violent stitches. Appear suddenly in children. < least touch. 30C.

NEGUNDIUM AMERICANUM: Engorgements of rectum and piles with severe pain. (Q)

PLANTAGO: In case of piles so bad that the patient can hardly stand, is one of the most useful and local remedies in homoeopathy, it’s local use as an application to inflamed piles give untold relief says Dr. F. LANG. (Q)

RATANHIA PERUVIANA: Haemorrhoids with burning pain in anus. Burning like fire. Temporarily > by cold water. 30C.

SANGUISUGA OFFICINALIS: Persistent bleeding from the rectum, the blood being watery. (6x) Q

27) HICCOUGH:

FILIX MAS: Painless hiccough. Potency: First to third potency. For the expulsion of tape-worm, a full dose of ½ to 1 dram of the Oleoresin, fasting.

RATANHIA: Violent hiccough. Potency: Third to sixth potency. Locally, the Cerate has proved invuvalbe in many rectal complaints.

28) HOOK-WORM:

THYMOL: Specific for hook-worm disease. [Chenopodium].

29) INDIGESTION:

ABIES NIGRA: Dyspepsia originates from excessive intake of tea and tobacco. In dyspeptic problems of the aged. Sensation of something sticking in the oesophagus.
Distressing sensation about stomach, as if everything was knotted up. < after eating. 
(30C)

**ALFALFA** : Distension and rumbling sound in abdomen; Floating tendency worse after eating. Frequent passing of watery stool. (Q)

**ALNUS RUBRA** : Indigestion occurs from intake of protein food such as fish, meat, lentils etc. (Q)

**ARUNDO MAURITANICA** : Coldness in stomach, longing for acids; movement as from something alive in abdomen. Flatulence pain at pubic region greenish stool; diarrhoea of nursing children. (6C, 30C)

**ASCLEPIAS TUBEROsa** : Fullness of stomach; Flatulence after meals. Stool smell like rotten eggs. catarrhal dysentery, with rheumatic pains all over. (Q)

**BUTYRIC ACID** : Poor appetite. Much gas in stomach cramps below the navel region, < at night. Bowels irregular. Stool accompanied by pain and straining.30C

**CHINA** : Slow digestion. Ill effects of tea, milk and fruits disagree; flatulence, belching of bitter fluid, gives no relief. < after eating > bending double. Pain in chest after eating; lump like feelings in chest which are upwards. (30C)

**CONDURANGO** : Indigestion from imperfect secretion of gastric juice.(Q, 30C)

**CYCLAMEN** : Anorexia, distension of abdomen after eating; Nausea when seeing food; ghee and bread are disagreeable; disturbed digestion and all things taste salty. < after fatty food. Desire for lemonade. (30c)

**ELAPS** : Fruits and cold things are disagree; catches cold easily.

**EUONYMUS ATROPURPUREA**: Passive congestion and torpor of the liver, biliousness and constipation. Dry mouth, thirsty. (Q-10 drops)

**FEL TAURI** : Disordered digestion, diarrhoea, eructations, gurgling in stomach, tendency to sleep after eating. 3x trit.

**FERRUM CYANATUM** : Pain in stomach with burning and nausea; distension of abdomen; diarrhoea alternating with constipation. 6x Trit., 30C.

**FERRUM IODATUM** : Distension after eating; food seems to push up into throat. Stuffed feeling, as if she could not lean forward. (6x Trit)

**LIMULUS CYCLOPS** : Colic with heat, cramp like pain with watery stools. Abdomen hot and constricted, piles, constriction of anus. (6C,30C)

**NICCOLUM METALLICUM** : Gone, empty feeling in epigastrium, without desire for food. Acute gastralgia with pains extending to shoulder. Thirst and intense hiccough. Fetid secretions are from molar teeth. Diarrhoea after taking milk. (6x Trit)
