

ALLEN COLLEGE OF HOMOEOPATHY

International | Professional | Scientific | Practical

Sign up for Two-Year Post Graduate Course STARTING in May 2021

TWO YEAR'S POST GRADUATE COURSE (P.G. HOM.) ON CONSTITUTIONAL PRESCRIBING AND WHAT TO DO WHEN THE WELL SELECTED REMEDY FAILS

This practical teaching is aimed to give you the confidence to show your patients that homoeopathy is working by the first or second follow-up.

Dr. Saptarshi Banerjea, BHMS, MD (Hom.)

Gold Medalist

Honours in Nine Subjects of Health University

Asst. Director-Bengal Allen Medical Institute

Lecturer-Orawan Holistic Institute, Bangkok, Thailand.

Lectured at: Texas Society of Homoeopathy, Houston (USA)

Visiting Lecturer:- Allen College of Homoeopathy, Essex, England

Lecturer:- Japan Institute of Homoeopathy, Tokyo

Guest Faculty:- The Homoeopathic Academy, B. Jain Publishers

The curriculum is based on the 30+ years' life experience of *Dr. Subrata K. Banerjea* treating thousands of patients in both India and UK.

Dr. Subrata's son, **Dr. Saptarshi Banerjea**, who has been exposed to homoeopathy by his father's side practically since birth, is himself a brilliant homoeopath with 12 years of experience.

Dr. Saptarshi Banerjea has a reputation of being a great lecturer and a busy practitioner seeing up to 50 patients a day in his private clinic.

He has been running a 3-year Under Grad and 2-year Post Grad program for medical doctors in Bangkok, Thailand since 2013. He runs a 2 year Video Linked PG program for USA and Canada. He also conducts a 2 year Class Room PG program for 35+ students in Tokyo, Japan.

You will learn the essence of 400 time-tested polychrest and lesser-known medicines, guided by Dr. Saptarshi and his mastery of the Materia Medica.

3 MAJOR AIM OF THE PROGRAMME:

- 1. Do not get confused by different methodologies. Believe in 200+ years of a clear approach to prescribing including miasms, totality & essence with sound*

- knowledge in Materia Medica. A practical method which gives your patient confidence in homoeopathy.*
- II. *Demonstration of Simple homoeopathy, which works. Takes you back to the basics with solid foundation of Clinical, Comparative and Behavioural Materia Medica.*
- III. *Homoeopathy can work quickly. Re-visit the action of century old lesser known Organopathic medicines like Helonias, Tanacetum, Verbena in Depression; Amyl Nit., Epiphegus, Melilotus, Onosmodium, Usnea for Migraine and wean off the conventional chemicals in accordance with aphorism §91 of Organon and thereby giving confidence to the patient that (a) yes, I can control the dosage and may take fewer chemicals; (b) there are alternatives to manage my condition and (c) homoeopathy is working for me!*

The prime emphasis is on Polychrests and Constitutional Prescribing but lesser known organopathic medicines will be discussed extensively. How to open drug dependent cases and ascertain a clearer picture for the constitutional medicine.

In today's drug dependent world, it is very difficult to get a clear picture of the disease, as Hahnemann mentioned in aphorism 173 (One sided diseases).

Dr. Banerjea has extensively used either deep acting anti-miasmatic medicines or lesser known organopathic medicines to open such cases and when the totality is clearer, prescribe a polychrest or constitutional medicine.

So please prepare the patient for receiving the polychrest (PPPP)!

Thus throughout the programme emphasis will be given in Practical Prescribing Techniques in today's pharmaceutical drug dependent cases or so called blocked cases.

A Repertory of the Lesser Known medicines will also be provided for your quick remedy diagnosis!

In aphorism §91 of Organon, Hahnemann clearly mentions about prescribing for natural disease and not for conjoint disease (where the drug induced artificial chronic disease is super-imposed on natural disease & patient cannot give us a clear picture e.g. modalities, sensation or characters of pain).

This practical approach for present drug dependent world is aimed to give you and your patient the confidence that homoeopathy is working within 1st or 2nd follow-up. Also through gradual weaning off the conventional medication, patient becomes free from side effects of chemicals and develop trust on you and your prescribing!

This is a time tested, repeatedly verified, scientific, classical, simple and practical approach which has been practiced for centuries by Master Homoeopaths including Drs. Kent, Hering, Lippe, Tyler, Nash. The medicine pictures (Materia Medica) will be presented in a synopsis hexagonal approach, which will enable the prescriber to understand the keywords of the medicine

(e.g. 'Retention' for Natrum Mur.; 'Anchor' for Pulsatilla; 'Principle' for Kali Carb; ' Unfulfilled' for Tuberculinum) on which major emphasis should be given for prescribing.

The unique aspects of this methodology of M-TEK: (Miasm (50% emphasis) + [Totality, Essence + Keynotes] (50% emphasis), which is the classical and practical prescribing approach in this drug dependant world, is shown by the benefits which are as follows:-

- 1) Time tested;**
- 2) Scientific;**
- 3) Methodical and logical;**
- 4) Founded on solid principles; and**
- 5) Simple Homoeopathy, non confusing.**

The Therapeutic approach of the programme does not intend to relate that the Homoeopathic prescription should be made on the basis of name of disease, but on the basis of strictest individualization. The patient comes to us and says the name of the disease that s/he has been told by her / his physician; the therapeutic classification of medicine is just the way forward to handle the diseases of the modern world, quickly and efficiently, especially in drug dependent cases, opening with lesser known medicines, which will be discussed during the course, in detail. Through therapeutic way, Dr. Banerjee encourages to think of a group of 8 – 10 medicines as a starting point and do comparative evaluation considering the abovementioned methodologies to reach the similimum. Of course many times A – Z, any medicine can be considered according to totality.

HOW WOULD YOU BENEFIT:

- Sound knowledge & consolidation in Materia Medica.
- Essence of each medicine is presented in a synopsis so you can grasp a remedy picture through a few words only.
- Personification & pictorial representation of drug pictures.
- Homoeopathic therapeutics & lesser known medicines for drug dependent & one-sided cases.
- Repertory of lesser known & miasms.
- Extensive lecture notes are provided.

WHY THIS COURSE IS DIFFERENT:

- The course relates to simple, century old, traditional homoeopathy and will demonstrate it works.
- The course will develop your Materia Medica and help you to grasp the "remedy pictures" through a few key expressions to become a confident prescriber with the time tested, scientific approach of combining miasm, totality & essence with sound knowledge of Materia Medica. The course guarantees confidence in Materia Medica.
- The course will teach you methodologies to open drug dependent cases and ascertain a clearer picture for the constitutional medicines.
- The course will develop your Miasmatic Prescribing.
- The course will develop your Comparative Materia Medica (extensive remedy comparisons).

- The course will develop how to spot the medicine. Look and diagnose through gesture, posture and behavioural Materia Medica.
- The course will give you the methodologies for Organopathic support and lesser known medicines for asthma, hypertension, arthritis.
- The course will develop your acute prescribing through Saptarshi's extensive fast slum prescribing techniques.
- The course will give you a practical methodology for this present drug dependant world.

**Dr. Saptarshi will be bringing
Classical Homoeopathy back to you!**

Course details

Two-year programme (6 weekends = 12 days in a year)
Meetings will be SIX times in a year (12 months), each of 2 days duration. Contact/actual lecture time will be 6 hours, each day.

Fees Structure

- I) **Fees per Two-Day Webinar Session:**
For International Participants:- US\$ 100
For Indian Participants:- Rs.4500
- II) **Fees for Year-1 (6 Sessions) – May 2021-May2022:**
For International Participants:- US\$ 550
For Indian Participants:- Rs.22,000

Fees includes extensive lecture handout (at least 60 pages for each 2-day sessions)
 The program is Video-link transmitted live directly from the Class room
 (through state-of-the art Web-ex technology):
Unlimited viewing of each recorded sessions for 3 weeks after the class.

Time Table

CASE TAKING	Day 1	Modern day classical prescribing, How to perceive an uncontaminated picture of the natural disease according to Section 91 of Hahnemann's Organon. Learn to gradually wean off conventional chemicals with homeopathic organopathics. A practical approach to classical prescribing. a) non-suppressed cases with clear symptoms & b) contaminated cases without clarity of symptoms Case taking & evaluation of symptoms, with emphasis on Miasmatic diagnosis.
MIASMS	Day 2	<u>Miasmatic interpretation in Chronic prescribing:</u> Introduction to Miasms: Definition, ten principles of miasms. Miasmatic philosophy and its utility: modes of suppression, uncovering layers. Why

POLYCHRESTS	3 & 4	<p>should we know Miasms? Key words and criteria. Diathesis & miasmatic interpretation, pace of action.</p> <p>Miasmatic classifications: Psychic manifestations. Head to foot miasmatic analysis: hair, nose, mouth, heart, pulse, abdomen, skin, nails, pains, desires, & aversions. Miasmatic Repertory: Miasmatic weightage of Medicines. Miasmatic interpretation in prescribing. <u>Two similar personalities, but dissimilar in Miasmatics</u></p> <hr/> <p>Polychrests: An unforgettable pictured personalities & core criteria presentation: Clinical, comparative, gesture, posture, behavioral and miasmatic MM with Dr Banerjea's well acclaimed "Essence triangle and hexagons of polychrests" Summary picture and affinities of leading medicines</p>
ACUTE PRESCRIBING	Day 5	<p>Acute prescribing, key points for remedy comparisons: Cough & cold comparative MM, fever, Laryngitis and sinusitis. Conjunctivitis, cataracts, Hay-fever: how to handle acute phase with organopathic medicines and miasmatic of latent stage with chronic anti - miasmatic remedies Meniere's disease.</p>
ACUTE PRESCRIBING	Day 6	<p>Acute prescribing continued..... Clinical & comparative Materia Medica of: Otaglia and Otitis media Tonsillitis, look and diagnose; spot diagnosis. Paediatric problems, worm infestations.</p>
PAEDIATRICS	Day 7	<p>Tips on Paediatric case taking. Look and diagnose the baby: Remedies by gesture, Posture, appearance, Homeopathic vaccination schedule with clinical experience (as practiced in slums of Calcutta) Paediatric homoeopathic case taking Leading remedies of Paediatrics, Crying: Hear & spot the remedy. Post birth, complications. Enuresis, worms & colic ADHD, autism and learning disabilities with special emphasis of uncommon character features.</p>
PAEDIATRICS	Day 8	<p>Paediatric lecture, continued Comparative Materia Medica of ADHD Children's eczema, Stammering: top 9 remedies NBWS (Never been well since in Children) Differentials of delayed mile stones. Carrying, spot the baby in the lap! Repertory of lesser known medicines used in Paediatric disorder</p>
DERMATOLOGY	Day 9	<p>Dermatology: Miasmatic approach of prescribing for difficult cases: Clinical Materia Medica with miasmatic and comparative study through</p>

DERMATOLOGY	Day 10	<p>pictures. Alopecia /hair falling Therapeutics of eczema with comparative study through pictures of different eczematous lesions</p> <p>Dermatology, continued Acne & warts with comparative study through pictures. Pruritus vulva, ring worm Urticarias & allergies Insect bites, Boils, Burns Diseases of nails with comparative study through pictures of different types of nails.</p>
GYNAECOLOGY & OBSTETRICS	Day 11	<p>Gynaecology & obstetrics: scope of mother tinctures of Homeopathic Indian, Himalayan herbs: Menstrual disorders, leucorrhoea feminine discharges, and amenorrhoea. Ancestral tips on common gynaecological disorders; Women's neoplastic disorders (breast & uterine tumors) Pregnancy, is it the best time for homeopathic treatment? Obstetrical disorders. Homeopathy in pregnancy and labor. cont.</p>
GYNAECOLOGY & OBSTETRICS	Day 12	<p>Gynecology & obstetrics, continued Neonatal homeopathy Menopausal syndrome Repertory of the lesser known medications used in gynaecological disorders</p>
RHEUMATOLOGY	Day 13	<p>Rheumatology & Homeopathic approach in difficult cases: esp., when well selected remedies fail Comparative MM in Rheumatology, including lesser known remedies. Homeopathic approach in steroid dependent cases with extensive case reference from Dr. Banerjea's experience of handling gross pathologies in India Cervical spondylosis, Pain neck syndrome Backache, lumbar spondylosis Gout.</p>
CARDIO-VASCULAR THERAPEUTICS	Day 14	<p>Cardiovascular therapeutics: Blood pressure, comparative Materia Medica of organopathics Hypertension with raised cholesterol. Comparative Materia Medica of organopathics. Angina pectoris, cardiac dropsy, cyanosis, hemorrhage, palpitations, varicose veins.</p>
SUPPORT IN CANCER CASES	Day 15	<p>Cancer: Scope of homeopathy and possible palliative organopathic support: Cancer miasmatic ancestral tips Clinical tips on organopathic medications as palliative support Treatment of Cancer, the homeopathic approach Hiding, deceiving nature of malignant disease Aggressive nature of cancer cells, advanced CA remedies Terminal cancer remedies, for palliative support</p>
UROLOGY	Day 16	<p>Urology, Uro-genital (male) disorders and homeopathy: Miasmatic interpretation of urological</p>

		disorders, cystitis. Urinary ancestral tips. Homeopathic diuretics and renal colic Dysuria leading lesser known remedies Clinical & comparative Materia Medica & Clinical case discussion. Uro-genital: Prostate hypertrophy, lesser known Trios; Impotence, Spermatorrhoea
PSYCHIATRY	Day 17	<p>Psychiatry: including mental essence; key characters of polycrests a) Audiovisual presentation of mental essence, b) Psychiatric disorders and its scope of homeopathy, esp. in drug dependent cases Common personality characters of Calciums, Kaliums, Natriums. Anxiety, depression. Polychrests with minute differentiating points. Insomnia, irritability, depression.</p> <p>Comparative Materia Medica of different personalities, Also with similarities and dissimilarities of anxiety, apathy, depression, grief Ailments from anticipation. Emotional themes of jealous medicines Fear, anger and its consequences, Gesture & postural Materia Medica.</p> <p>Look - hear - observe & diagnose Comparative <u>Materia Medica</u> of emotional states</p>
ENDOCRINOLOGY	Day 18	<p>Thyroid, Adrenal & Diabetes: Learn the key indications of constitutional medicines in treating endocrinal disorders. Importance of understanding Miasmatics in Endocrinal Maladjustments. Learn medicines like Thyroidinum & Folliculinum to help deal with existing problems in Endocrinology</p>
NEURO- LOGICAL DISORDERS	Day 19	<p>Neurological disorders; Homeopathic clinical therapeutics with miasmatic and comparative MM of leading medicines indicated in terminal dementia. This session also includes: Alzheimer's disease, insomnia, migraine, multiple sclerosis and demyelinating disorders & their homeopathic approach.</p>
NEUROLOGICAL DISORDERS	Day 20	<p>Neurological disorders continued..... Neuralgias, neurasthenia and brainfag, Parkinson's syndrome sciatica, tics. Repertory of lesser known <u>medicines used in neurological disorders.</u></p>
GASTRO-ENTEROLOGY	Day 21 & 22	<p>Acidity, Food poisoning, Constipation, Diarrhoea & Dysentery: Alcohol Abuse, Appendicitis, Colic, Colitis, Crohn's Disease. Handle with Homoeopathy & Lesser known Indian drugs like Aegle Marmelos, Carica Papaya. Comparison of Lesser Known medicines with Polycrests. Eg. Robinia & Magnesia Carb Gall Bladder Colic, Gastritis, Haemorrhoids & Fissure.</p>
RESPIRATORY	Day 23	<p>Ancestral tips on Bronchospasm: Learn the 8</p>

		Homoeopathic broncho-dilators to wean off conventional medication. Polycrests in bronchospasm, dust allergy. Learn the prescribing points in bronchitis.
LESSER KNOWN REMEDIES& USE OF ORGANO-PATHICS	Day 24	Therapeutics of the lesser known meds. including scope of organopathics in this drug dependent world Banerjea family's ancestral tips to understand the essence of medicine. Scope of mother tinctures. Repertory of the common medicines that can be used in tinctures.

LECTURE HANDOUT :

Extensive lecture handout of each topic will be provided.

CERTIFICATION:

Upon completion and submission of a theses of an assigned topic you will be awarded a Certificate of Completion and P. G. Hom. (the Post Graduate Diploma) by the Allen College of Homoeopathy for this Advanced Post Graduate Programme.

This certificate will be issued only after additional payment of GBP 200 to the Allen College after completion of all sessions and submission of thesis.

The teaching of Dr. Banerjea is accredited by many academies of Europe, Australia and of the United States.

No certificate will be issued for partial attendance.

ACCREDITATION: The post graduate programme is fully recognised by the Homoeopathic Medical Association of the U.K and after completion of the programme you will be able to apply for registration with this Association and also by N.V.K.H (The Netherlands).

CONFIRMATION & ADVANCE DEPOSIT : For registration, please email Dr.Saptarshi for the registration form and accordingly complete the Application Form and please state details of your Homoeopathic experiences along with the (i) full fees OR (ii) first instalment of your programme fees, please.

Book List

- 1) Boericke Materia Medica & Repertory (Indian edition) with Indian Drugs.
- 2) Allen's Key Notes with - the Bowel Nosode (in the back).
- 3) Organons 5 & 6 edition (Hahnemann & Dudgeon).
- 4) Miasmatic Prescribing - Dr Subrata K. Banerjea.
- 5) Classical Homoeopathy for an Impatient World - Rapid Classical Prescribing - Dr. Subrata K. Banerjea.

Reference used often:

1. Clarke's Dictionary of Practical Materia Medica;
2. Kent's Lecture on Materia Medica.
3. N. M. Chowdhury's Materia Medica.
4. M. L. Tyler's Drug Picture
5. Encyclopedia of Remedy Relationships in Homoeopathy - Abdur Rehman

If you need any further clarification about the programme, please do not hesitate to contact Dr. Saptarshi Banerjea at dr.saptarshib@gmail.com
